# How To Use Express Player Lineup – 2 EASY STEPS –

**1. Look for the Captain's Lineup Reminder Email on Match Day**  
(or log into your MyDC Account at any time)

[my.dartconnect.com](https://my.dartconnect.com)

**2. Use the "Lineup" Button to Assign Players**

Use **"No Player"** for slots when you do not have enough players for the match.

**When lineup is complete, you have two options:**

1. Share the Proposed Lineup with your team
2. Submit the Final Lineup for the match

## What Happens Next?

- Players receive an email with the final player lineup
- The scoring app will display the designated players for each set
- Players and fans have the option to view the player lineup alongside the "Live Scoreboard" in DCTV

**Pro Tip:** Display the live scoreboard and player lineup on a TV during the match!

## Who can create a player lineup?

Either the captain or co-captain can. Both can view the current state of the lineup from their respective MyDC accounts. Should neither captain be available to create a lineup, they have two choices:

1. Forward the reminder email to a teammate (who will be able to access the Captain's account, without a password).
2. Instruct a teammate to manually create the lineup in the scoring app.

## When should captains create the player lineup?

A player lineup can be created or edited at ANY TIME in your MyDartConnect account. The link provided in the Captain's reminder email is just a timely reminder. In fact, a player lineup, can even be started on one device (PC), and completed on another (phone).

**Important:** The player lineup remains in "MyDartConnect" until the captain selects "**SUBMIT**".

## When can the other team see my player lineup?

The opposing team CANNOT see your player lineup until BOTH teams have clicked the **SUBMIT** button.

## What if one team does not/cannot submit their player lineup online?

**You** should still submit your lineup online. The opposing team will be required to manually select players in the scoring app. If your lineup is "in the blind", we recommend posting a paper lineup for that team, next to the tablet.

## What if I need to make changes after the lineup has been submitted?

Once the **SUBMIT** button has been selected, captains CANNOT make online lineup changes. HOWEVER, lineup edits can still be made in the scoring app before each set is played.

When the app prompts the scorekeeper to confirm the set lineup, select the option to change the player(s). The lineup change will be noted in the match report and the league will be notified of the substitution.

## Does the scoring app require WiFi to receive the player lineup?

As you may know, the scoring app does NOT require WiFi to process a match. However, to receive an online player lineup, the tablet MUST be connected. Once the tablet receives each lineup, the match can continue offline.

**What if teams are shorthanded?** When a captain does not have enough players to field a full match, they must insert a "**No Player**" placeholder into the lineup where required. If an eligible player becomes available, they can be manually added during the match, in the scoring app. For leagues that do a random draw, each team will submit the same # of players. If league rules permit, teams can assign additional players manually for the remaining sets.

# Fall 2024 Wicked Outs

The Wicked Out Program is raising its game just like you!

This year, the Wicked Out Program is going to be giving away dart prizes every week during the season.

Every Thursday, tune into the Minute Man Dart League Facebook Page. There will be a live raffle to determine the winner EVERY WEEK, Every Thursday at 5:30pm

Two ways To Enter the Raffle:

1. Hit the Wicked Out at any point during the night
2. Have the highest out in your division, including ties (Ex: NS B2, SS C1, etc.)

This means every area and every division will be entered into the raffle!

Week 1 72	Week 2 36	Week 3 64	Week 4 35	Week 5 104
Week 6 32	Week 7 52	Week 8 66	Week 9 4	Week 10 100
Week 11 40	Week 12 55	Week 13 20	Week 14 86	Week 15 108

## Entering a FORFEIT Instructions

If circumstances require a team to forfeit a set, consult with your league on how to accommodate:

- **IF you do not need to credit winning/forfeiting players:** Select **FORFEIT**, confirm the option and the team who is going to lose the set. Note: It is possible that both teams forfeit the set, and therefore the league points associated with that set. Optional: Add match notes for the league representative to know why the set was forfeited
- **IF crediting Winning/Forfeiting Players is Required:** Same as above, however, select the “participating” players, before selecting **FORFEIT**

# Scorekeeper's 10 Commandments

## Minute Man Dart League

1. Thou shall always face forward, at an angle to best view the dartboard, when possible.
2. Thou shall not step in the alley before all darts are thrown, unless asked to check a thrown dart's position.
3. Thou shall always project a fair and neutral disposition when scoring.
4. Thou shall not coach or suggest a combination to throw.
5. Thou shall refrain from making any noises or speak during a throw unless asked a question by the shooter.
6. Thou shall not move or fidget when shooter is at the oche.
7. Thou shall not move thy head or look away from the board during a player's throw. Never face or look at the shooter during their turn.
8. Thou shall not eat, drink or smoke when keeping score.
9. Thou shall not carry on a conversation when keeping score.
10. Thou shall not complain or argue if asked to be replaced.

The game that “begins” and “ends” with a handshake!
